BROADEN YOUR PERSPECTIVE

SUMMER 2020
UNIVERSITY OF MIAMI
As one of the top research universities in the country, the University of Miami brings together esteemed faculty and talented students from throughout the United States and the world.

**Note:**
In response to the COVID-19 pandemic, many courses that are traditionally offered on campus will be conducted remotely until further notice to prioritize the health and well-being of our community. This decision is guided by the recommendations of leading health officials and to reduce the potential spread of the coronavirus.

Please note the distinction between online courses and remote courses:
- Online courses are courses that have been strategically designed to engage learners in an online format.
- Remote courses are courses that transitioned from on-campus instruction to remote instruction in response to the COVID-19 pandemic. All remote courses are marked with an orange asterisk (*).

*As Scheduled By Appointment

Academic calendar subject to change. The most up-to-date calendars are available at [www.miami.edu/registrar](http://www.miami.edu/registrar).
ACCREDITATION

The University of Miami is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award bachelor’s, master’s, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of the University of Miami. The individual schools and colleges of the University hold memberships in their respective accrediting and professional groups, as indicated in the online bulletin published at www.bulletin.miami.edu.

COURSE DESCRIPTIONS

For a full description of a course title other than the Intersession or Special Courses and Workshops that are found in this catalog, refer to either the Undergraduate or Graduate Studies Bulletins (www.bulletin.miami.edu) or check out the Search for Classes section at our website: miami.edu/summersessions.

CLASS LOAD

Full-time enrollment for summer is 12 credit hours. These 12 credits may be taken in one session or as a total combination of credits from both sessions. Students typically enroll in 6 credits each Summer Session; however, students with a B average or better may request approval from their academic deans to carry an additional course. Students in good standing may normally take a 4-credit laboratory class plus a 3-credit class, for a total of 7 credits. A total of 12 credits may be earned through attendance at Summer Sessions A, B, and C.

CLASS SECTIONS

The beginning and ending time of each course is as indicated, e.g., 8:30-9:55 a.m. Days of class meetings are designated as “Mo” for Monday, “Tu” for Tuesday, “We” for Wednesday, “Th” for Thursday, “Fx” for Friday, “Sa” for Saturday, and “Su” for Sunday.

In addition to the traditional schedules, there are also Intersession classes, Extended Summer, and travel classes that have special dates and refund policies.

GENERAL PURPOSE CLASSROOMS

General Purpose Classrooms (GPC) will only be assigned to summer courses that adhere to the standard schedule. Once all standard courses are assigned, semi-standard classes will be assigned a GPC, pending space availability. Any courses that do not follow the standard schedule will need to use school/department controlled classrooms.

CLASS CANCELLATIONS

The University reserves the right to cancel any class in the Summer Sessions that enrolls an insufficient number of students. Full refunds are made when a class is canceled.

CREDIT-ONLY OPTION

Students may use this option with free electives and receive a grade of “CR” (Credit Received) or “NC” (No Credit). For full details of the credit-only option, please see the Undergraduate Studies Bulletin under “Academic Procedures and Information,” www.bulletin.miami.edu.

AUDITING CLASSES

An audit student enrolls as an observer or listener only. Auditing is allowed only when there is space available in the class and when the academic dean, having jurisdiction over the classes, authorizes audit status. There is a nonrefundable fee to audit courses. For more information, please refer to the Resources for Non-Degree at www.miami.edu/assp or call the Division of Continuing and International Education registration desk at 305-284-3889.

FINAL EXAMINATIONS

All examinations will take place on June 26 for Summer Session A and on August 7 for Summer Session B and C, unless otherwise noted. They will be held during the regular time period. Most classes will hold exams in the room that the individual classes have been meeting in; however, if there are any conflicts, an alternate room may be assigned for the final exam. Any alternate room assignments will be made available at least 1 week prior to the final exam day. If a conflict in the examination schedule occurs, students should consult the instructors whose classes are in conflict. When an alternate time or times have been arranged, the academic dean should be informed.

SUMMER GRADUATION

While no formal commencement exercises are held at the close of Summer, a student who expects to graduate in the summer should contact their dean’s office. Academic deans are the only officers authorized to approve the placing of a student’s name on the list of candidates for degrees; they will not approve a candidate whose record does not show at least a C average at the time of application. Complete graduation requirements are published in the University’s Undergraduate and Graduate Studies Bulletins at www.bulletin.miami.edu. Candidates for graduation are expected to be thoroughly familiar with these requirements.

TRAVEL POLICY

Travel costs for programs are approximate and subject to change. A nonrefundable deposit secures your place on a trip. If a student pays the total travel package but must cancel, travel fees and nonrefundable deposits are forfeited. Inherent to travel courses is the constant possibility of changing circumstances. As a result, UM reserves the right to change the program’s requirements, itinerary, accommodations, and educational and non-educational activities offered. UM further reserves the right to make any changes to the program. In the event of any changes, no reimbursements will be offered.

EXCLUSIONS

The University reserves the right to change any provision or requirement, including, but not limited to fees and tuition, at any time without notice. Degrees, courses, programs, activities, and like academic or non-academic offerings of the University may also be changed from time to time without notice. The University further reserves the right to require a student to withdraw at any time under University policies, as may be promulgated from time to time. Further, admission of a student to the University of Miami for any semester does not imply that such student will be enrolled in any succeeding academic semesters. It also reserves the right to impose sanctions on any student whose conduct is unsatisfactory. Any admission on the basis of false statements or documents is void when the misconduct is discovered, and the student is not entitled to any credit hour for work, which the student may have done at the University prior to any discipline that may be taken as a result of such misconduct. When a student is dismissed or suspended from the University for cause, there will be no refund of tuition or fees paid. If a dismissed student has paid only a part of his tuition and fees, the balance due to the University will be considered a receivable and will be collected. There will be no refund of tuition, fees, charges, or any other payments made to the University in the event the operation of the University is suspended at any time as a result of any act of God, strike, riot, disruption, or any other reason beyond the control of the University.
